

BRC's Safety Guidelines Book

The Bogong Safety Guidelines Book is for all safety guidelines developed for the Bogong Rover Chalet and related Scouts Victoria & Scouts Australia's Policies. The Guidelines are added over time as they're written developed. They are available both online and at the Chalet. Bogong Rover Chalet's Guidelines are not to override Scouts Victoria's policies, rather these Guidelines are either contextualised to the Chalet or for the specific circumstances of the Chalet.

Guidelines are reviewed at least every 3 years. Guidelines may be reviewed prior to provide greater clarification or after an incident. When Scouts Victoria's Policies are updated, we endeavour to update our copy as quickly as possible.

Safety Policy Book last updated: 17 September 2025

Document	Current version	Last update	Review date (no later than)
