

BRC's Safety Guidelines Book

Reporting of Incidents Guidelines

Scope:

All BCMG events & hires

Content

It is a requirement of attending the Bogong Rover Chalet that any incident that occurs must be reported appropriately.

Incident Report forms are available for a few categories:

- Injury – Major injury (& Missing Persons)
- Injury – Minor injury
- Damage to Chalet Property

Reporting of a person requiring immediate medical treatment by a doctor, dentist or in a hospital, Lost or overdue activity participants. Should be reported to the Wardens team and Scouts Victoria.

Regardless of who the victim of the injury or the perpetrator of the damage is, a report must be made. This includes both members of any Scouts Australia branch and anyone who is not a member or associated with any Scouting organisation. Therefore membership status does not determine whether a report needs to be made or not.

A minor injury is defined as “an injury that is not expected to require additional medical attention. Should a minor injury continue to require medical attention, please fill in a major injury form. A minor injury may be a papercut, minor burn, carpet burn or a graze. A blister is to be considered a major injury.”

All incident reports are to be sent to the Warden. This role may be discharged to the Assistant Warden or the Deputy Warden in the case of the Warden being unavailable. The Warden must report incidents to Scouts Victoria, as per Scouts Victoria's policies.

BRC's Safety Guidelines Book

This guideline does not replace any Scouts Victoria policy. At the time of writing, Scouts Victoria policy states:

In addition to completing an incident report, you must contact Scouts Victoria via the Emergency Line on 03 8543 9877 for incidents meeting the following criteria:

- *A person requiring immediate medical treatment by a doctor, dentist or in a hospital*
- *Major building or asset damage*
- *Lost or overdue activity participants*
- *An incident reported to Emergency Services, such as Police, Fire, State Emergency Service or Ambulance*
- *An incident that is continuing to escalate beyond local resource capacity or where urgent assistance is required*

Please see the child safe policy for child safe related matters

Approved by Risk Sub-Group 26th November 2024

Ratified: 11th December 2024

To be reviewed: No later than October 2027
