

## BRC Safety Guidelines Book

### Wood Chopping Guidelines

#### Scope:

All BCMG events & hires

#### Content:

##### **Overview**

The Bogong Rover Chalet uses wood to provide heating for the Chalet for a variety of purposes. As such, wood chopping is a regular chore that occurs to maintain the Chalet's requirements.

##### **Personal Protective Equipment (PPE)**

The Bogong Rover Chalet supplies the following PPE that is required to be used when chopping wood:

- Steel capped gumboots
- Safety glasses
- Cut resistant gloves

Ear muffs provided as PPE for the generator may be worn, subject to personal preference.

All PPE are inspected annually. Should damage or wear and tear be found, they will be replaced.

##### **Splitter hardware**

est. 1940

The only acceptable way to split wood at the Bogong Rover Chalet is using an axe and wood splitter. Hydraulic wood splitters are explicitly banned in accordance with Scouts Victoria's policies.

##### **Other**

No more than two persons in the wood shed when chopping wood.

#### BRC Safety Guidelines Book

Chop the wood then stop and load the trolley and remove.

If wood chopper feels unskilled, do not make them chop wood.

**Approved by Risk Sub-Group 26<sup>th</sup> November 2024**

**Ratified: 11th December 2024**

**To be reviewed: No later than October 2027**

*Update from 1.0 to 1.1 was changing of 1 word. This change was made in February 2025 and deemed to not require ratification. There were no other changes.*
